

PEDESTAL

A convenient charging station pedestal, perfect for workplaces, multi unit residential buildings, fleets, and is also suitable for public space.

Key features

- ★ Easy and cost-effective installation: ground-mounted with 4 bolts, concrete pad recommended.
- ★ Rugged and reliable design able to withstand harsh weather.
- ★ Compact size and minimal footprint for small spaces.
- ★ Optional cable retractor for cord management.
- ★ Single and dual pedestal options available.
- ★ Modular design to facilitate servicing and maintenance.
- ★ Suitable for most charging piles on the market.
- ★ ADA compliant height.
- ★ Conforms to U.S. standard pallet sizes.

* EV Charger(s) must be purchased separately.

PEDESTAL

PEDESTAL WITH CABLE MANAGEMENT SYSTEM

APPLICATIONS

Public sites

- For business owners and organizations wanting to provide their customers with first-class charging experience and become a destination of choice, while demonstrating their sustainable development leadership.

Workplace

- For companies looking to offer an EV charging service to their employees, and looking for a solution that can evolve at the same rate as the demand for the service while maintaining reasonable installation and operation costs.

Fleet

- For fleet managers who wish to grow their EV fleets without expanding their electrical infrastructure while maintaining the operational costs at an affordable level.
